

École William Reid Elementary School

School Digital Citizenship Plan 2024 - 2025

At William Reid School we want to use technology to enhance learning. We want all of our students to be curious, global minded, empathetic, respectful and caring students. Our School Development plan is about assessment. We want our students using lap tops, chrome books and iPads while doing assessments and while learning about how to do an assessment, measure assessments and in co-creating rubrics for assessments.

Relevant contextual information about your school and School Development Plan:

- We have 309 students and a ratio of one piece of technology per three students.
- We are a K – 4 French immersion school
- Every classroom has a Smart board, a digital camera, and shared use of chrome books, lap tops and iPads.
- We promote community and we have a technology club and a Minecraft club

Relevant evidence and data that informs your Digital Citizenship Plan:

- Classrooms are sharing passwords as this was past practice – for simplicity and ease for students
- Most students are new to technology use

School Digital Citizenship Plan						Progress		
Long Term Goal (e.g. spanning 8-10 months)	Competency (chosen from the CBE DC Competencies)	Short Term Goals (in support of the long term goal)	Outcomes	Activities & Resources	Measures	November	January	June
Long term goal #1 Learners will understand the importance of protecting personal information online and apply appropriate strategies	Safe I know how to protect my personal information online Self-Management	Short term goal 1 Changing actual passwords	Students will create an age-appropriate unique password to access CBE network/technology	Review resources on Digital Citizenship Insite Pages Targeted lessons on creating strong passwords Support from the Teaching and Learning with Technology	All students in the school will have a unique, secure password to access CBE network/technology	Begin safety lessons	50% of students will have a new and unique password	90 – 100% of students will have a new and unique password

				Specialists as needed				

Next Steps & Focuses for the Coming School Year

As we have new passwords, we will teach students where to store passwords and who they may share them with (teachers and parents / guardians).
Tricks and tips to remember passwords
Talk about identity theft at an age-appropriate level
